**Books can take you to different places.**  
**Books come in hard and paperback covers.**  
**They can be in series like Spiderwick.**  
**Fiction books are not really true.**  
**Non-fiction are like biographies and true stories.**  
**Some are small and some are big.**  
**Some are red and some are blue.**  
**Some are funny and some are sad.**

**Books are # 1!**
